ABOUT ME

A highly enthusiastic and passionate college student who aspires to build and advance his career in Biotechnology and Web Development

I am pursuing B.E. in Biotechnology and I am currently enrolled in 3rd year at the NSUT, Delhi (formerly NSIT). My internship experiences so far have touched upon both wet and dry lab. I am also a front-end developer (HTML, CSS, JavaScript) and a Photographer, which I pursue as my hobby.

EXPERIENCE

Trainee

Indian Biological Sciences and Research Institute, Noida

Project on In Silico Molecular Docking Studies of BRAF V600E for Multiple Myeloma in Homo Sapiens.

Project under faculty

NSUT

Cloning and Purification of anti-SipD of Salmonella Typhi
